PREFACE

This report of faculty and administrative personnel salaries paid during the 1987-88 academic year is the 20th such annual study conducted by the American Assembly of Collegiate Schools of Business in the current series. All AACSB member institutions in the United States were invited to participate in the survey. The salary survey questionnaire was mailed to over 650 member institutions. Of these, 483 responded. The table below indicates categories of respondents and percentage response from each category of AACSB membership:

	AACSB Membership	Number Responding	Percent Responding
Private Educational Institutions			
Private Accredited	76	67	88.1
Private Non-accredited	201	109	54.2
Public Educational Institutions			
Public Accredited	176	169	96.0
Public Non-accredited	204	138	67.6
	657	483	73.5

The survey includes salary data on over 22,500 faculty members and 3,200 administrators, one of the largest responses from AACSB membership, both in number of faculty and number of institutions, since the survey's inception.

Salary information was collected in thousands to one decimal point. Salaries of faculty were collected as nine or 10-month equivalent salaries to allow direct comparability to data collected and disseminated by the American Association of University Professors. Administrative salaries are collected on a 9-month/12-month breakdown. Of the 3,220 administrative salaries reported, 992 were paid on a 9-month basis while 2,228 were paid on a 12-month basis.

Salary data for faculty were collected in 27 fields of specialization plus a category entitled "other." For reporting purposes, the data were grouped into the following 15 fields:

Data were collected indicating each salary as applying to a male or female. The results for salaries of women who are full-time faculty members in collegiate schools of business are provided in the table below:

Rank	Total Reporting	Range /1000	Mean /1000	Median /1000
Professor	319	<35>75	47.3	46 - 47
Associate Professor	794	<25>60	40.5	40 - 41
Assistant Professor	1,600	<25>55	36.0	37 - 38
Instructor	840	<20>40	24.4	23 - 24
New Doctorate	97	<25—54	39.0	40 - 41
ABD	104	<25—53	38.1	39 - 40

Women comprise approximately 15.3 percent of the faculty at AACSB Accreditation Council member institutions and 19.7 percent of the faculty at non-Accreditation Council member institutions surveyed. Women new doctorates received salaries that averaged 96.0 percent of the salaries paid to all new doctorates and women ABDs received salaries that averaged 97.4 percent. This represents an increase/decrease from last year when corresponding percentages were 95.2 and 98.0, respectively. Overall, for AACSB member institutions, averages for women faculty were below those for all faculty at the academic ranks of professor, associate professor, assistant professor and instructor; respective percentages are 89.0, 95.7, 96.2, and 93.1.

The Salary Survey is prepared with the cooperation and assistance of AACSB member institutions and their staffs. Mary Jo Gust, AACSB information processing supervisor, was responsible for data preparation and analysis. Barbara A. Campbell, AACSB word processing center supervisor, prepared the statistical pages. It is hoped this report will continue to provide valuable information to administrators and faculty alike. Comments and suggestions for improvement are appreciated. Additional copies of this publication can be ordered through the AACSB Subscription Department, 605 Old Ballas Road, Suite 220, St. Louis, MO 63141 (314-872-8481).

AACSB's Salary Survey Inquiry Service provides a popular mini salary survey report based on a requested grouping of up to 25 institutions that a dean (or other administrator) designates as comparable to his or her own institution in terms of size, program, mission or any of a number of other attributes. Fee for this specialized service is $60 for AACSB institutions that participated in the current year's salary survey and $120 for those that did not participate. For further information or to request the inquiry service, contact Mary Jo Gust, information processing supervisor.

PREFACE

This report of faculty and administrative personnel salaries paid during the 1987-88 academic year is the 20th such annual study conducted by the American Assembly of Collegiate Schools of Business in the current series. All AACSB member institutions in the United States were invited to participate in the survey. The salary survey questionnaire was mailed to over 650 member institutions. Of these, 483 responded. The table below indicates categories of respondents and percentage response from each category of AACSB membership:

	AACSB Membership	Number Responding	Percent Responding
Private Educational Institutions			
Private Accredited	76	67	88.1
Private Non-accredited	201	109	54.2
Public Educational Institutions			
Public Accredited	176	169	96.0
Public Non-accredited	204	138	67.6
	657	483	73.5

The survey includes salary data on over 22,500 faculty members and 3,200 administrators, one of the largest responses from AACSB membership, both in number of faculty and number of institutions, since the survey's inception.

Salary information was collected in thousands to one decimal point. Salaries of faculty were collected as nine or 10-month equivalent salaries to allow direct comparability to data collected and disseminated by the American Association of University Professors. Administrative salaries are collected on a 9-month/12-month breakdown. Of the 3,220 administrative salaries reported, 992 were paid on a 9-month basis while 2,228 were paid on a 12-month basis.

Salary data for faculty were collected in 27 fields of specialization plus a category entitled "other." For reporting purposes, the data were grouped into the following 15 fields:

Policy and Control	Policy and Control
Quantitative Methods	Operations Research, Quantitative Methods, and Statistics
Other	Health Services/ Hospital Administration, Hotel/Restaurant/Tourism, Industrial Administration/Industrial Management, Public Administration, Transportation/Logistics, Urban/Regional Planning/ Development, and Other

Data were collected indicating each salary as applying to a male or female. The results for salaries of women who are full-time faculty members in collegiate schools of business are provided in the table below:

Rank	Total Reporting	Range /1000	Mean /1000	Median /1000
Professor	319	<35>75	47.3	46 - 47
Associate Professor	794	<25>60	40.5	40 - 41
Assistant Professor	1,600	<25>55	36.0	37 - 38
Instructor	840	<20>40	24.4	23 - 24
New Doctorate	97	<25—54	39.0	40 - 41
ABD	104	<25—53	38.1	39 - 40

Women comprise approximately 15.3 percent of the faculty at AACSB Accreditation Council member institutions and 19.7 percent of the faculty at non-Accreditation Council member institutions surveyed. Women new doctorates received salaries that averaged 96.0 percent of the salaries paid to all new doctorates and women ABDs received salaries that averaged 97.4 percent. This represents an increase/decrease from last year when corresponding percentages were 95.2 and 98.0, respectively. Overall, for AACSB member institutions, averages for women faculty were below those for all faculty at the academic ranks of professor, associate professor, assistant professor and instructor; respective percentages are 89.0, 95.7, 96.2, and 93.1.

The Salary Survey is prepared with the cooperation and assistance of AACSB member institutions and their staffs. Mary Jo Gust, AACSB information processing supervisor, was responsible for data preparation and analysis. Barbara A. Campbell, AACSB word processing center supervisor, prepared the statistical pages. It is hoped this report will continue to provide valuable information to administrators and faculty alike. Comments and suggestions for improvement are appreciated. Additional copies of this publication can be ordered through the AACSB Subscription Department, 605 Old Ballas Road, Suite 220, St. Louis, MO 63141 (314-872-8481).

AACSB's Salary Survey Inquiry Service provides a popular mini salary survey report based on a requested grouping of up to 25 institutions that a dean (or other administrator) designates as comparable to his or her own institution in terms of size, program, mission or any of a number of other attributes. Fee for this specialized service is $60 for AACSB institutions that participated in the current year's salary survey and $120 for those that did not participate. For further information or to request the inquiry service, contact Mary Jo Gust, information processing supervisor.
